

Hi Everyone,

Have you heard that Emily moved into an Adult Family Home? She is living in one the Community Homes in Redmond - Watson House. She moved in April 1st and doing amazing. I can not believe how independent she is! Thank you, all of you, for helping her become the young lady she is. I believe that the training, help, and encouragement she received from you while at the Transition Academy helped her become independent and confident enough to live in this Adult Family Home.

Thank you all so much!!!
