

I just wanted to say THANKS AGAIN to you and all of your staff. I didn't get a chance to talk to anybody but you last night, but you are all VERY APPRECIATED!! Even though Sean was only there for a year, he has made such incredible progress in his confidence in himself and his independence.... I am truly amazed.

Ms. Hewitt invited him to brunch with some of the special ed kids/teachers from Juanita this morning and even though my husband offered to take him... Sean said he knew how to get there by bus and he wanted to surprise them all that he had gotten there on his own. WOW!!

I'm sure that Sean will keep tabs with all of you as he is determined to keep working out at the RAC and he knows Redmond like the back of his hand. I would not be surprised if he popped in on you all from time to time just to say hello.

Have a great Summer - just had to say Job Well Done!!

Jane L. Brewer
